# AUTHENTIC LOVE IN TIMELESS FRAMES

Your wedding day is your unique, special moment, and it should stay that way. You should never feel pressured to act or look any differently for a photograph. I am here to embrace and capture the authentic you..

DO YOU WANT TO GET TO KNOW ME ?

# Here's my story in a few words

I am Charlotte Frackowiak, a passionate photographer with French roots, currently residing in Sutton, Quebec and in Montréal. My lens serves as a witness to your precious moments of profound connection and raw vulnerability, allowing me to immortalize your memories through captivating photographs. With meticulous attention to detail, the interplay of light and texture becomes the backdrop for your unique story.

Having a background in Commercial and portrait photography, I bring an editorial touch to your gallery, infusing it with a distinct artistic flair. However, it is my deep-rooted love for the outdoors that enables me to slow down and appreciate the beauty of the little things in everyday life. This appreciation seeps into my work, allowing me to keenly observe the subtle nuances that make your experiences truly remarkable.

Let me embark on this visual journey with you, capturing the essence of your narrative in timeless photographs that will be cherished for years to come.

# MOMENTS

*Don't let the moments pass you by*

My approach is all about capturing the genuine, unscripted beauty of your special day.

I believe in the power of observation and in taking candid shots that truly reflect the organic moments, emotions, and movements that make your wedding unique. I am not just a photographer; I am a storyteller who strives to document your day as it naturally unfolds. I also understand the value of creating moments where you and your partner can connect in a comfortable, unforced atmosphere. I believe in giving you the space to cherish each other's presence and enjoy your day, without feeling rushed or pressured by strict planning. My goal is to capture the authentic essence of your love story, your personalities, and the people who matter most, all in a way that feels natural and true to you.
